Revised No. 8260-W	Table of Contents Page 1 of 4	Revised No. 8255-W

Subject

This advice letter requests to amortize 2018 balance in the Water Revenue Adjustment Mechanism (“WRAM”) balancing account and the Modified Cost Balancing Account (“MCBA”) for GSWC’s Region 2 Customer Service Area. In this filing, GSWC is requesting to amortize the 2018 net WRAM&MCBA under-collection of \$11,706,124¹ over an 18-month period. This request is pursuant to Decision D.12-04-048 authorizing “GSWC” to amortize its WRAM&MCBA account balances annually. D.12-04-048 ordering paragraph 5:

¹ WRAM under-collection of \$2,445,234 and MCBA under-collection of \$9,260,890

5. *Applicants must submit their annual request of net Water Revenue Adjustment Mechanism/Modified Cost Balancing account balances by Tier 1 advice Letter on or before March 31st.*

Background

On August 25, 2008, the Commission issued Decision D.08-08-030 authorizing the settlement agreements between GSWC and DRA on WRAM and Conservation Rate Design issues pursuant to Ordering Paragraph 1 from D.08-08-030:

The following settlement agreements are approved and adopted:

- *Golden State Water Company (GSWC)/Division of Ratepayer Advocates (DRA) on conservation rate design trial program and amendment to settlement except the interim rate design for Region I.*

The purpose and method of tracking WRAM and MCBA is outlined in the Settlement Section V (MECHANISMS FOR DECOUPLING SALES AND REVENUE):

- A. *The goals of the decoupling mechanisms in the Pilot Program are as follows:*
 1. *Sever the relationship between sales and revenue to remove any disincentive for GSWC to implement conservation rates and Conservation programs.*
 2. *Ensure cost savings resulting from conservation are passed on to ratepayers*
 3. *Reduce overall water consumption by GSWC ratepayers.*
- B. *Decoupling of GSWC will be accomplished through both the following mechanisms:*
 1. *A Water Revenue Adjustment Mechanism (WRAM) for each ratemaking area.*
 2. *A Modified Cost Balancing Account (MCBA) for each ratemaking area. MCBA's will replace existing cost balancing accounts for purchased power purchased water, and pump tax.*
 3. *In Accordance with established Commission practice, the WRAM and MCBA accounts will accrue interest at the 90-day commercial paper rate.*

The Settlement section VI.B states:

- B. *The WRAM will track the differences between Adopted Revenue and Actual Revenue, excluding;*
 4. *Fire service revenue;*

5. *Unmetered Service revenue*
6. *Other non-general metered service revenue*

Therefore, non-general² metered water services are excluded from the allocation of the net WRAM balance.

Per the Settlement section VII.C, the activation of MCBA will replace current supply cost balancing accounts. Section VII.C of the settlement states:

- C. *An MCBA will replace each of the current balancing accounts, now referred to as Supply Cost Balancing Accounts:*
 1. *GSWC currently has a Supply cost Balancing Account for purchased water, purchased power, and pump taxes.*
 2. *The Supply cost Balancing Account tracks cost changes attributable to changes in unit price, but not changes in the amount of consumption.*
 3. *MCBAs track changes in price and quantity.*

The net MCBA balance is allocated to all Region 2 metered customers including non-general metered tariffs.

On April 30, 2012, the Commission issued Decision D.12-04-048 which, amongst other things, changed the amortization period of the water revenue adjustment mechanism. The combined balance of Region 2's WRAM&MCBA is \$11,706,124 or 9.1% of the most current authorized revenue requirement and per Decision D.12-04-048; it is to be amortized over 18-months. D.12-04-48 ordering paragraph 3:

3. *We adopt the amortization schedule set forth in Appendix A with a cap on total net WRAM Revenue Adjustment Mechanism/Modified Cost Balancing Account (WRAM/MCBA) surcharges of 10% of the last authorized revenue requirement. The cap shall be effective the first test year of each applicant's pending or next General Rate Case, as follows:*
 - Golden State and Park: Advice Letter filing on March 2014*
 - Cal Water: Advice Letter filings on March 2015*
 - Apple Valley: Advice Letter filing on March 2016**WRAM/MCBA account balances incurred prior to the first test year referenced above continue to be amortized under the adopted amortization schedule without being subject to surcharge cap.*

² GSWC R2 non-general metered tariff schedule is ME-3

D.12-04-048 Appendix A:

WRAM/MCBA under-collections as a % of the district's last authorized revenue requirement	Amortization Period		
	SP U-27-W Balancing Account Guidelines	Applicants' Proposal in Rebuttal Testimony	Decision
2% - 5%	12 months	12 months	Use Applicants' proposal with the following modification: A cap on total net WRAM/MCBA surcharges of 10% of the last authorized revenue requirement to be effective the first test year of each applicant's pending or next GRC, as follows: Golden State and Park – Advice Letter filings on March 2014 Cal Water – Advice Letter filings on March 2015 Apple Valley – Advice Letter filings on March 2016. WRAM/MCBA account balances incurred prior to the first test year above may continue to be amortized under applicant's proposal.
5% - 10%	24 months	18 months	
10% - 15%	36 months	19 to 36 months (10% per year as a guide with no cap)	
15% - 22.5%			
22.5% - 30%			
Over 30%		36 months	

Decision D.12-04-084 also permits:

“applicants to include any under-amortized or over-amortized amount from ongoing surcharges or surcredits in their annual Tier 1 Advice Letter submissions. Those ongoing surges or surcredits may run until the end of their originally intended amortization terms, provided that the ceiling on annual Advice Letter amortization, discuss earlier, is not exceeded.”³

On December 15, 2016, Decision D.16-12-067 approved ORA and GSWC’s Settlement Agreement to temporarily lift the 10% cap for the GSWC’s GRC period of 2016, 2017, 2018.⁴

Request

The purpose of this filing is to amortize the combined 2018 balance recorded in the Region 2 WRAM&MCBA. The combined 2018 balance is an under-collection of \$11,706,124 or 9.1% of current adopted annual revenue. GSWC is seeking a temporary surcharge of \$0.344 per Ccf for residential metered customers on Schedule No. ME-1-R and non-residential metered customers

³ Decision D.12-04-048 at p.30

⁴ Decision D.16-12-067 at p.17

on Schedule No. ME-1-NR, and \$0.271 per Ccf for non-general metered customers on Schedule No. ME-3. The temporary surcharge would be in effect for a 18-month period beginning on the effective date of this advice letter.

Any over or under-collection resulting from WRAM&MCBA surcharge or sur-credit will be included in subsequent filings of the WRAM&MCBA.

Rate Impact

The monthly bill of a residential customer on Schedule No. ME-1-R with a 5/8" x 3/4" meter using 11 Ccf would increase during the 18-month amortization period by \$3.78 or 6.4%.

The monthly bill of a non-residential customer on Schedule No. ME-1-NR with a 5/8" x 3/4" meter using 18 Ccf would increase during the 18-month amortization period by \$6.19 or 6.8%.

Tier designation

Pursuant to D. 07-01-024, this advice letter is submitted with a Tier 1 designation.

Effective date

GSWC is requesting that this filing become effective March 18, 2019.

Response or Protest

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:

Water.Division@cpuc.ca.gov

Mailing Address:

CA Public Utilities Commission
Water Division
505 Van Ness Avenue
San Francisco, CA 94102

On the same day the response or protest is submitted to DWA, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:

regulatoryaffairs@gswater.com

Mailing Address:

Golden State Water Company
Nanci Tran
630 East Foothill Blvd.
San Dimas, CA 91773

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

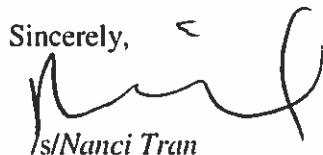

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

Sincerely,

/s/Nanci Tran
Regulatory Affairs Department

RESIDENTIAL METERED SERVICE

Page 2

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. Residential customers are defined as all single family customers with one dwelling unit that are individually metered.
3. Pursuant to Decision 17-03-001, a surcharge of \$0.250 per Ccf will be applied to all metered customers bills excluding customers that are receiving the CARW credit. This surcharge will offset the CARW credits and CARW administrative program costs recorded in the CARW Balancing Account.

(D)
(D)

4. Beginning July 1, 2018, as required by Section 792.5 of the Public Utilities Code, an increase in Purchased power of \$0.00460/kWh, an increase in purchased water of \$0.13500/Ccf, an increase in Pump Tax of \$0.04800/Ccf and a decrease in Leased Water of (\$0.0400)/Ccf, relative to the Purchased Power, Purchased Water, Pump Tax and Lease Water cost adopted by Decision No. 16-12-067, and an associated revenue increase of 1.29%, are being tracked in a reserve account.
5. As authorized by the California Public Utilities Commission, an amount of \$0.518 per Ccf based on an 18-month amortization period, is to be added to the Quantity Rate, beginning on the effective date of Advice Letter 1739-W, which is March 23, 2018. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under-collection in the 2017 MCBA Balancing Account and residual MCBA balances from advice letter 1649-W.
6. As authorized by the California Public Utilities Commission, an amount of \$0.344 per Ccf based on an 18-month amortization period, is to be added to the Quantity Rate, beginning on the effective date of Advice Letter 1765-W, which is March 18, 2019. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under-collection in the 2018 WRAM&MCBA Balancing Account.
