Water Meter Installation Project

What	The water meter installation project is to install approximately 141 water meters in both front and back yards in your neighborhood. All homes scheduled for meter installation will be notified via a door hanger 48 hours prior to contractor arrival.
When	The project is expected to take 2-3 months to complete with estimated start and complete dates from Monday, June 5th to Friday, September 8th 2017 Work at each residence will usually be complete in one day. Difficult installations may require 2-3 days to complete. Typical Working Hours Are – 7:00 AM to 5:00 PM.
Where	Meter installations will occur on multiple streets in Rancho Cordova North of Folsom Blvd and West of Sunrise Ave. If you received this notice your home is scheduled for meter installation.
What to Expect	Construction crews with dump trucks, crew trucks and hand tools will be digging to install water meters at the above mentioned locations. The crews will be performing work in front and back yards. The streets will remain open to traffic during the construction period but traffic and parking may be restricted during the working hours. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick-up will not be interrupted. Most installations will be completed in one day. More difficult installations may require work over 3 days.
Contacts	If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033.
