Lowden Well: Replace Pump Equipment

What	Installation of the new pump equipment for Lowden Well
When	Construction will commence on May 23, 2018. The installation of the new equipment is anticipated to take eight hours. The City of Stanton has been notified and workhours will be from 8:00 am to 5:00 pm.
Where	10552 Lowden St., Stanton
What to Expect	Pump company with crane and flatbed will set up traffic control on street and part of nearby driveway with some access restrictions during installation of the pump equipment. On startup, the well will be pumped into the street for a short time and some water will flow down curb and gutter to the storm drain. The following week, on Tuesday May 29, 2018, the pump will be discharged into the street again for 2-5 hours for additional testing.
Contacts	If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033.
