

Serving Californians Since 1929

CONSTRUCTION NOTICE

Rehabilitation of Tank @ Linda Vista Plant

What	Recoat reservoir at Linda Vista Plant, including repairs and replacing appurtenances and recoating of the reservoir.
When	Construction will commence on March 4, 2019. Anticipate project completion by end of May, 2019. Working hours shall be 8:00AM to 5:00 PM, Monday through Friday.
Where	Rehab and recoating of the reservoir will be done at the Linda Vista Plant site. GSWC's Plant site is located near address 6591 Kameha Circle in Yorba Linda, 92886.
What to Expect	Construction crews with backhoes, dump trucks, crew trucks and large construction equipment will be going in and out of the plant site from Newport Avenue. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. As sections of the reservoir are completed crews will disinfect the reservoir. This step is necessary to protect public health and to ensure compliance with the Waterworks Standards. Following the disinfection period, crews will flush the chlorinated water and any construction related sediment from the reservoir. Crews will dechlorinate the water before discharge.
Contacts	If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033.
