Subject: 2025 Interim Rate True-Up Recovery

GSWC is seeking authorization to implement a temporary surcharge in its Arden-Cordova, Bay Point, Clearlake, Los Osos, Santa Maria, Simi Valley, Region 2 and Region 3 CSAs to recover the revenue shortfall caused by the variance between interim rates (which were in place since January 1, 2025) and final rates implemented on February 1, 2025, via GSWC Advice Letter Nos. 1954-W, 1955-W, and 1956-W. The final rates were adopted in

Decision No. (D.) 25-01-036, dated January 30, 2025, for GSWC's General Rate Case Application No. 23-08-010.

GSWC recorded \$4,416,032 in its 2025 Interim Rates Memorandum Account for the interim period.

The request in this advice letter is being made in conjunction with Administrative Law Judge Amin Nojan's Ruling Granting Motion For Interim Rate Relief, dated December 26, 2024, which granted GSWC interim rates, subject to refund. Specifically, the Ruling states:

IT IS RULED that:

- 1. In accordance with Public Utilities Code Section 455.2, Golden State Water Company is authorized to file with the Commission, by Tier 1 Advice Letter, a tariff implementing interim rates as current rates for its service territories and establishing a memorandum account to track the difference between the interim rates and final rates adopted by the Commission in this proceeding.*
- 2. The interim rates shall reflect current rates and shall be subject to upward or downward adjustment back to January 1, 2025, consistent with final rates adopted by the Commission in this proceeding.*

Ordering Paragraph No. 13 in D.25-01-036 authorizes GSWC to file a Tier 1 advice letter to implement a surcharge to true-up the revenue difference between the interim rates and the final rates. Specifically, Ordering Paragraph No. 13 states,

The surcharge to true-up the interim rates must comply with Standard Practice U-27-W. Golden State Water Company shall file its tariff implementing the surcharge to true-up its interim rates by Tier 1 advice letter after GSW calculates the revenue difference between the interim rates and the authorized rates, but within 90 days after 2025 rates have been implemented. The surcharge shall include differences between interim rates and adopted rates through the implementation date of the 2025 rates.

In compliance with the above Ordering Paragraph No. 13, GSWC has recorded the difference between the interim rates and final rates for the period of January 1, 2025 through January 31, 2025. This amount totals \$4,416,032.

As shown in the supporting workpapers for each CSA, the total revenue shortfall, the amortization period and the respective temporary surcharges are as follows:

CSA	Total Revenue Shortfall	Temporary Surcharge/Ccf	Amortization Period
Arden-Cordova	\$274,297	\$0.057	12 months
Bay Point	\$60,661	\$0.083	12 months
Los Osos	\$62,568	\$0.243	12 months
Santa Maria	\$275,521	\$0.099	12 months
Simi Valley	\$165,520	\$0.069	12 months
Region 2	\$1,608,173	\$0.079	12 months
Region 3	\$1,923,771	\$0.085	12 months
Total	\$4,370,511		

Please note: GSWC's Companywide Schedule No, AA-4, Private Protection Service, experienced a revenue shortfall of \$45,521 during the interim rate period and customers served under this schedule will receive a surcharge of \$0.125, per month, per meter for each inch of diameter of service connection.

If there are residual balances at the end of the 12-month amortization period, GSWC will roll those balances over to the General Ratemaking Area Balancing Account (GRABA), for that specific ratemaking area.

GSWC will provide the Water Division and the Public Advocates Office with supporting workpapers.

Effective Date

GSWC is requesting that this advice letter become effective on May 1, 2025.

Customer Notice

GSWC will include a bill message on the customer's first bill after the increase goes into effect to inform customers of this compliance rate surcharge increase.

Response or Protest

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

WD must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line**. The addresses for submitting a response or protest is:

California Public Utilities Commission
Water Division
505 Van Ness Avenue
San Francisco, CA 94102
E-mail: Water.Division@cpuc.ca.gov

On the same day the response or protest is submitted to WD, the respondent or protestant shall send a copy of the protest to Golden State Water Company, addressed to:

Golden State Water Company
Attn: Ronald Moore
630 East Foothill Blvd.
San Dimas, CA 91773
E-mail: GSWC_Reg_Affairs@gswater.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by WD within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

Sincerely,

/s/ Ronald Moore

Schedule No. R1-AC-1-R
Arden Cordova District
Residential Metered Service

SPECIAL CONDITIONS

11. As authorized by the the California Public Utilities Commission a surcharge will be applied to customer bills for the remainder of a 20-year loan obligation that began in March 2013 to repay a \$8.6 million loan Golden State Water Company received under the Safe Drinking Water State Revolving Fund and the American Recovery and Reinvestment Act of 2009 from the California Department of Public Health to fund the Meter Installation and Retrofit Program in the Arden-Cordova District, pursuant to Commission Resolution W-4810. The specific recalibrated surcharges below went into effect on November 11, 2018.

The table below shows the surcharge, by meter size, for each period:

Meter Size	Years 4.5-10	Years 11-20
5/8" x 3/4"	\$ 1.05	\$ 0.85
3/4"	\$ 1.58	\$ 1.28
1"	\$ 2.62	\$ 2.14
1-1/2"	\$ 5.23	\$ 4.26
2"	\$ 8.37	\$ 6.82
Fire Sprinkler 1" to 5/8"	\$ 1.16	\$ 0.94
Fire Sprinkler 1" to 3/4"	\$ 1.63	\$ 1.33
Fire Sprinkler 1 1/2" to 3/4"	\$ 2.13	\$ 1.74
Fire Sprinkler 2" to 3/4"	\$ 2.33	\$ 1.90
Fire Sprinkler 1 1/2" to 1"	\$ 3.15	\$ 2.57
Fire Sprinkler 2" to 1"	\$ 3.34	\$ 2.73

12. As authorized by the California Public Utilities Commission, an amount of \$0.016 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the 2021 Water Conservation Memorandum Account.
13. As authorized by the California Public Utilities Commission, an amount of \$0.014 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the Drinking Water Fees Balancing Account.
14. As authorized by the California Public Utilities Commission, an amount of \$0.001 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on February 1, 2025. The surcharge recovers the balance in the CEMA - Extreme Heat Event Memorandum Account.
15. As authorized by the California Public Utilities Commission in an amount of \$0.057 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on May 1, 2025. The surcharge recovers the difference between the interim rates and the final rates for the period of January 1, 2025 through January 31, 2025.

Schedule No. AA-4
All Districts
Private Fire Protection Service

APPLICABILITY

Applicable to all water service rendered for private fire protection purposes.

TERRITORY

Applicable within the Arden-Cordova, Bay Point, Clearlake, Los Osos, San Juan Oaks, Santa Maria, Simi Valley, Artesia, Norwalk, Bell/Bell Gardens, Florence-Graham, Hollydale, Culver City, Southwest, Apple Valley, Barstow, Calipatria-Niland, Morongo Valley, Wrightwood, Claremont, Orange County, San Dimas and San Gabriel and Districts.

RATES	Per Meter
	Per Month
For each inch of diameter of service connection.....	\$ 8.00

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. The customer will pay, without refund, the entire cost of the private fire service.
3. The private fire service facilities shall be installed by the utility or under the utility's direction and shall be the sole property and subject to the control of the utility, with the right to alter, repair, replace and the right to remove upon discontinuance of service.
4. The minimum diameter for the private fire service connections will be 2 inches. The maximum diameter shall not be larger than the diameter of the main to which the private fire service facilities are attached unless said main is circulating, in which case with the approval of the utility the maximum diameter may be larger by not more than 2 inches than the diameter of said circulating main.
5. If a water main of adequate size is not available adjacent to the premises to be served, then a new main from the nearest existing main of adequate size will be installed by the utility at the cost of the customer. Such cost shall not be subject to refund.
6. A monthly surcharge of \$0.180 per inch diameter, will be applied, to all fire protection customer's bills in Region 1 and Region 2; and a monthly surcharge of \$0.130 per inch diameter, will be applied to all fire protection customer's bills in Region 3. These surcharges will offset the CAP credits and administrative program costs recorded in the CAP Balancing Accounts.
7. As authorized by the California Public Utilities Commission, a monthly surcharge \$0.125 per inch diameter is to be applied for a period of 12-months, beginning on May 1, 2025. The surcharge recovers the difference between the interim rates and the final rates for the period of January 1, 2025 through January 31, 2025. (N)

---	---	---

Schedule No. AA-4
All Districts
Private Fire Protection Service

SPECIAL CONDITIONS

8. The private fire service facilities will include a detector check valve or other similar device acceptable to the utility which will indicate the use of water. The facilities may be located within the customer's premises, or within public right of way adjacent thereto. Where located within the premises, the utility and its duly authorized agents shall have the right to ingress to and egress from the premises for all purposes related to said facilities. In the event the installation is solely a private fire hydrant facility, the requirement for detector check valve or other similar device may be waived (T)
9. No structure shall be built over the private fire service facilities and the customer shall maintain and safeguard the area occupied by the private fire service facilities from traffic and other hazardous conditions. The customer will be responsible for any damage to the private fire service facilities whether resulting from the use or operation of appliances and facilities on customer's premises or otherwise. (T)
10. Subject to the approval of the utility, any change in the location or construction of the private fire service facilities as may be requested by public authority or the customer will be made by the utility following payment to the utility of the entire cost of such change. (T)
11. The customer's installation must be such as to separate effectively the private fire service facilities from that of the customer's regular domestic water service. Any unauthorized use of water from the private fire service facilities will be charged for at the applicable tariff rates and may be grounds for the utility's discontinuing private fire service without liability to the utility. (T)
12. There shall be no cross connection between the systems supplied by water through the utility's private fire service facilities and any other source of supply without the specific approval of the utility. The specific approval, if given, will at least require at the customer's expense, a special double check valve installation or other backflow prevention device acceptable to the utility. Any unauthorized cross connection may be grounds for immediately discontinuing private fire service without liability to the utility. (T)
13. The utility will supply only such water as such pressure as may be available from time to time as a result of its operation of the system. The customer shall indemnify the utility and save it harmless against any and all claims arising out of service under this schedule and shall further agree to make no claims against the utility for any loss or damage resulting from service under this schedule. Section 774 of the Public Utilities Code limits the liability of the utility resulting from a claim regarding adequacy of pressure of supply for fire protection service. (T)
14. The customer shall be responsible for the periodic testing of any black flow prevention devices as required by public authority or the utility. Any repair or replacement of such devices or of any other facilities installed to provide private fire service shall be done at the customer's expense. Any refusal to comply with the above requirements may be grounds for the utility's discontinuing private fire service without liability to the utility. (T)
