

CONSTRUCTION NOTICE

Serving Californians Since 1929

New Water Main, Fire Hydrants and Services in Mill Rd, Acorn Dr, Spruce St, Pine St, Cedar St, Evergreen Rd, Edna St, Lark Rd, Robin Rd, Robin Lane, Oriole Rd, Mockingbird Rd, Eagle Rd, Partridge Rd, and Pheasant Rd in Wrightwood Service Area

What	Installation of approximately 18,000 LF of new 8-inch, 6-inch and 4-inch PVC water main in the shoulder right of way. The project also includes 22 new fire hydrants and 233 domestic services.
When	Construction will begin on or around May 9 th , 2017. Construction is expected to last approximately twenty Six weeks with completion by the Early of November 2017. Working hours will be 7:00 am to 4:30 pm.
Where	Construction will take place on Edna St, Evergreen, Lark, Robin, Oriole, Mockingbird, Eagle, Partridge, Pheasant Rd, and Robin Lane from Mill Rd to Cedar St. And also on Mill Rd, Acorn Dr, Spruce, Pine and Cedar St from Evergreen to Pheasant Rd in the City of Wrightwood.
What to Expect	Construction crews with backhoes, dump trucks, crew trucks and hand tools will be digging along the new pipeline alignment and the new service lines to the water meter. The services will generally be installed using an air compressor and pneumatic boring tool or by mini excavator and hand tools. The streets will remain open to traffic during the construction period but traffic and parking may be restricted and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick-up will not be interrupted. As sections of the new main are completed crews will disinfect the main. This step is necessary to protect public health and to ensure compliance with the Waterworks Standards. Following the disinfection period, crews will flush the chlorinated water and any construction related sediment from the main. Crews will dechlorinate the water before discharge. Generally, as underground activities are completed the crews will progress to the next underground sections and come back near the end of the project to perform landscape and hardscape restoration as well as perform final street paving.
Contacts	If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033.
